Based in our Zurich office, Gina Domanig is the Managing Partner of Emerald Technology Ventures. In 2000, she founded Emerald (formerly SAM Private Equity) as the first independent cleantech venture capital fund in Europe. Emerald is one of the largest dedicated cleantech funds and the first with a transatlantic strategy. Gina serves on the boards of Identec Solutions, Inge and Pelamis. Gina has over 20 years of international business experience including banking, M&A, strategic development, and venture capital. Prior to starting Emerald, she was senior vice president at Sulzer, a Swiss multinational, responsible for strategic planning and M&A.
